It would hardly do to fill it up, however, for that would necessitate the abandonment of bridge building, which is now carried on to a considerable extent by the corporation. So we will have to let it stink on and stink ever, we suppose.

CULPEPPER C. H., Va., Aug. 13 .- In an interview with some returned prisoners to day, they stated that the enemy bad treated them with kindness, but there were instances of gross outrage. Capt. O'Brien of the 34 Wisconsin regiment, was mortally wounded. The rebel surgeon told him he could not live, gave him some water and left him on the field. Some rebel soldiers subsequently came up, took his watch and cut his pocket out, obtained \$260 and left him to die there. This statement is from

the dying man's lips.

The view of the battle field was a sight never to be forgotten. For nearly a mile the dead lay scattered or in heaps. At the point Crawford's brigade twice dashed upon the enemy the sight was fearful. General Chas. Winder and Maj. Snowden Andrews, of Baltimore, of Gen. Ewell's staff, were mortally wounded. One of the rebel generals told a Union officer he would be in Culpepper to-night, but up to the small hours of the morning he has not attempted to perform his promise. It is now estimated that our wounded will reach 1,200 men.

The following statistics of Gen. Williams' command on the day of battle are the only returns obtainable. Of General Crawford's brigade, the 10th Maine regiment went into action with two field, 22 line officers, and two acting lieutenants. Present to-day, two field and twelve line of officers, and 224

WASHINGTON, August 13 -A long corespondence is published between Generals Lee of the Confederate Army. The latter inquires into the facts of the hanging of lumford in New Orleans, and Owens in Missouri; also, imprisonment of Confederate citizens refusing to take the oath of allegiance to the United States; also regarding Hunter's arming slaves against their masters in South Carolina, and Gen. Phelps at New Orleans; also Gen. Fitch, who is reported to have murdered two peaceful citizens, because one of his men invading the rebel county was killed by an unknown person while defending his home. Lee threatens reta'intion, and says be se authorized by President Davis to say if the answers to the inquiries are not received in 15 days from delivery of the letter, it will be assumed the alleged facts are true and sanctioned by the United States. In such an event, on that Government will rest the responsibility of the retaliatory manner which shall be adopted to put an end to the merciless atrocities which now characterize the war against the Confederate States. Gen. Halleck says the Government is not officially informed of the facts regarding Mumford and Owens; that no one has been forced to take the oath of allegiance, but that when parties take and break it, they will be dealt with as ordered; that no threats of retaliation will deter this Government from what is right and according to rules of modern warfare. Regarding the last two communications, General Halleck

says to him: "Your language is so insulting to the Government that I decline to recoive them and they are herewith returned.' SPRINGFIELD, Aug. 43 .- Maj. Montgom ery drove Coffey's band of guerrillas out of Harmarville on Monday night, caught and attacked them on Tuesday morning, at Hickin, killing and wounding quite a number of them and putting the balance

to fight. St. JOSEPH, Mo., Aug. 18 .- Brig. General Lane took the field in person on Monday, with five hundred cavalry. He will be joined in the interior by five hundred more troops, and make the campaign against the guerriltas, short and decisive. The devil with be fought with fier.

THE 68th REGIMENT .- Col. Martin, commandant of the 66th regiment, recruiting in this city, informs us that nineteen companies have been offered, and they have all bern accepted. The regiment is therefore full, with a surplus of five or six hundred men. All companies offered up to the 16th will, however, be accepted.
